Hello World! I am an aspiring Web Developer looking to start a career in IT. I began learning front-end development a little over a year ago and fell in love with it. Visit www.oleglozovatyi.com to see some of my recent projects. Let's work together and make the Web prosper!

SKILLS

- HTML5, CSS3, Sass
- JavaScript, jQuery, React
- Working with RESTful API and Firebase
- Responsive Design
- Web accessibility requirements

- Version control & collaboration using Git and GitHub
- Using VS Code, snippets, and Emmet
- Project scope management
- Best practices for modern web development

FEATURED PROJECTS

Numberlicious (View Live) | HTML5, CSS3, React, REST API

- An app that gives the user an interesting fact about a number in one of the given categories.

Pirate Card Draw (View Live) | HTML5, CSS3, SASS, jQuery, REST API

- Cartoon pirate themed card draw game where the user plays against the computer. Higher card wins!

EXPERIENCE

Real Estate Investor | Self-Employed   **Sep 2014 – Feb 2020**

- Performed investment property acquisitions in several European countries.
- Managed 10 rental properties, both short and long-term.
- Flipped the properties acquired from the banks auctions.

Recruiter | Randstad Canada   **Mar 2018 – Apr 2019**

- Performed full recruitment life-cycle.
- Constantly met or exceeded weekly targets (20 client submissions, 5 in-person candidate interviews, 150+ cold calls).

EDUCATION

Immersive Web Development Bootcamp | Juno College of Technology
MAY 2020 – JUL 2020

Global Business Management | Humber Institute of Technology
JAN 2016 – AUG 2017
